

**Don't let WODC walk  
all over Eynsham  
Stand up for your village !**

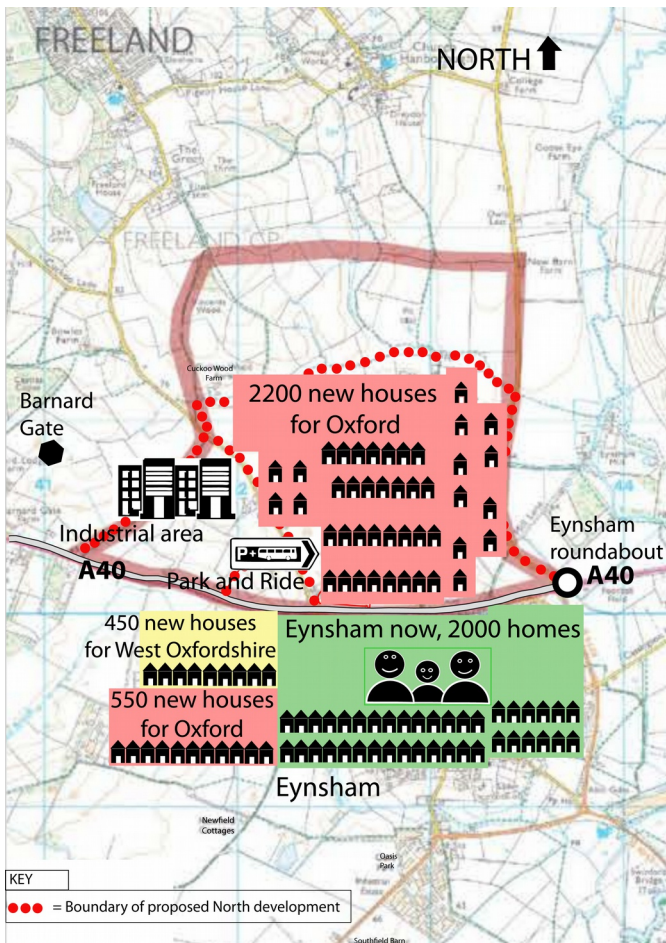

WODC is proposing massive expansions to Eynsham that would change its character beyond all recognition.

- People in the village have not been properly consulted on the plans
- Existing congestion on the A40 and surrounding roads has not been taken into consideration
- Additional stress on village amenities has not been thought through
- Eynsham is expected to take 100% of West Oxfordshire's quota of Oxford City's new build. EPIC believes that this is unfair
- The scale of the build has not been justified and there is concern about how the numbers have been calculated

**WODC is letting Eynsham down  
EPIC was formed to put this right  
We will hold WODC to account and give the village  
a voice in the planning process.**
