

Re-Opening Eynsham's Play Areas

Please see the [Government Guidelines](#) for information purposes. The actions below will be pursued as quickly as possible to enable all play areas and the skate park to re-open. This document will be updated regularly to show actions completed in each area.

Each play area and the skate park will be monitored daily to ensure the rules are being complied with. If it is found that the rules are not being followed, the Council will close the area again until Government Guidelines are relaxed.

Complete?

Old Witney Road

- | | |
|---|----------|
| 1) RoSPA trained Councillors to undertake a thorough inspection and calculate maximum number of play area users. | Complete |
